## PROFILE

Position as an engineer or related position which offers key participation in web development, team oriented tasks, immediate challenges, and career opportunity leading to fulfill me and my family dreams

## SKILLS

- Javascript
- ReactJs
- Bootstrap Css
- NodeJs
- MongoDB
- Java

## EDUCATION HISTORY

### ABESIT COLLEGE OF ENGINEERING

B.TECH with current CGPA of 7.5

### ST.ANTONY'S INTER COLLEGE

Academic Excellence in Physics, Chemistry and Mathematics with 76%.

## CERTIFICATES

Introduction To Industry 4.0 And Industrial Internet of Things

## PROJECTS

### E-COMMERCE WEBSITE

Full-Stack Development with MERN:

- Developed a dynamic and responsive e-commerce website using the MERN

Optimized Performance and Scalability:

- Implemented server-side optimizations in Node.js and utilized ReactJs virtual DOM for a smooth and scalable user interface, enhancing the website's responsiveness under varying loads.

### PORTFOLIO WEBSITE

Responsive Single-Page Application (SPA):

- Designed and developed a responsive and visually appealing portfolio website using React.js, creating a seamless and engaging user experience across various devices.

Interactive UI Components and State Management:

- Utilized React's component-based architecture to create interactive and reusable UI components, optimizing code maintainability and enhancing the overall user interface.

### DIET TRACKER

MERN Stack Development:

- Developed a comprehensive diet tracker application using the MERN stack

Bootstrap Studio for Responsive Design:

- Designed the user interface with Bootstrap Studio, interface to create a visually appealing and responsive layout that seamlessly adapts to various screen sizes and devices.

### NASHA MUQTI KENDRA

- Established a Centralized Database System for Nahsa Muqti Kendra: Designed and implemented a robust CRUD (Create, Read, Update, Delete) system using the MERN stack (MongoDB, Express.js, React, Node.js), streamlining data management for Nahsa Muqti Kendra and ensuring efficient and secure access to critical information.

## EXPERIENCE

Digipodium,Lucknow:

- Completed Summer Training under Digipodium where I have learnt best practises and concepts of making various sigle page applications using ReactJs and also handling server side processing by Node.js and Express.js using MongoDb as Database
